PARKING IN BROOKLINE

I am writing to tell you about the grand re-opening of a new parking facility at 100 Monmouth Street on August 1, 2007. This new state-of-the-art parking garage will feature 24-hour security/video monitoring, card access, and well lit parking areas with assigned parking.

There will also be an offering of a new menu with more amenities including auto start service, long/short term storage, auto detailing. All of these services will be offered for an extra fee.

The new parking rate will be \$225 per month per space. I anticipate it will fill up fast, so don't wait! For more information or for an application,
